5. Alignment of the courses to NSDC

*While the growth in revenue of CNC-IRG courses was appreciated, following concerns were raised regarding current activities related to CNC machining Centre:*

1. Accuracy of machining needs to be improved to get minimum accuracy of machining.
2. One of the cause of frequent failures can be inappropriate handling.
3. Original controller for the machine is lost in the process of maintenance. Such lapses should be avoided.
4. Accessories need to be properly stocked and instructors need to be aware of their use.
5. Proper scheduling of instructors is required in order to avoid clashes of training courses with academics.

*Following decisions were made during the discussion:*

1. Restructuring needs to be done in order to have a single point of contact for CNC machines .Fr.C.R.C.E will conduct the courses offered in the related area and Prof. A. B. Rane will be the single point of contact for maintenance, handling of the CNC machines and co-ordination of CNC courses. Mr. Sunil Gurav will be the main CNC operator and instructor and will be assisted by Mr. Tilak and Mr. Kambli.
